

Family holidays in Highland Perthshire have never been so good. We know that the average family want more than woodland walks these days and we are here to help!

It doesn't matter what the Scottish weather is doing for the majority of the activities so come on,
DO SOMETHING DIFFERENT!

That goes for locals too, the holidays see our timetable packed with exciting ways to fill kiddies days. Please keep an eye on our special offers page to keep informed of what's going on. Many of our holiday packages will keep kiddies busy from 9am to 4pm, what will mum and dad do with all that time off?

Just some of the Activities from Age 8 and up.....

White Water Rafting, Duckies, Abseiling, Canyoning, Horse Riding, High Ropes Course, Kayaking.

Are the Teenagers wishing they were somewhere else?

Send them White Water Rafting, Quad Biking, Cliff Jumping, Canyoning, maybe even a Bungee Jump, surely they would be lost for words after that! Only problem is, they might want to bring their friends next time.

The whole family together

Why not spend some memorable time together sailing on Loch Tay, Being taught how to Kayak, relaxing on a Loch Cruise, trying Archery or Pistol Shooting or experiencing one of our hilltop Safaris plus much much more.
